

Mountain Pine Beetle – Approved Projects – December 2014

- (1) **2015 MPB Long Distance Dispersal Baiting Program** (Sundre Forest Products Inc.);
Project category – Pheromone Baiting/Dispersal – Long Distance Dispersal Monitoring.

The objective of the project is long distance dispersal baiting in 60 townships to ensure early detection of MPB on the Sundre Forest Product FMA and follow up control activities as required

- (2) **2015 Log Yard Management Plan** (Millar Western Forest Products Ltd.); Project category – Pheromone Baiting/Dispersal – Log Yard Management.

The objective of the project is to monitor and contain mountain pine beetle populations at the mill and 5 satellite log storage yards.

- (3) **2015 MPB Log Yard Management Program** (Foothills Forest Products Inc.); Project category – Pheromone Baiting/Dispersal – Log Yard Management

The objective of the project is to monitor and contain mountain pine beetle populations at the mill yard and 4 satellite log storage yards.

- (4) **2014/15 Central Region MPB Annual Report** (Millar Western Forest Products Ltd.);
Project category – Regional Planning.

The objective of the project is to build on the 2013/14 Annual Action Plan to provide an update on the current MPB situation in the Central Region, summarize control activities, and produce forecasts on the spread of MPB under current harvesting and control activities..

- (5) **2015 MPB Log Yard Management Program** (Edson Forest Products Ltd.); Project category – Pheromone Baiting/Dispersal – Log Yard Management

The objective of the project is to monitor and contain mountain pine beetle populations at the mill site.

- (6) **2015 MPB Long Distance Dispersal Baiting Program** (Edson Forest Products Ltd.);
Project category – Pheromone Baiting/Dispersal – Long Distance Dispersal Monitoring

The objective of the project is long distance dispersal baiting in 29 townships to ensure early detection of MPB on the Edson Forest Product FMA and follow up control activities as required. FRIAA approves funding the project with the understanding AESRD provides approval of final baiting sites.

- (7) **MPB Detection, Control and Prevention on HACOC's 10 Genetic Lodgepole Pine Field Trials** (Canadian Forest Products Ltd.); Project category – Seed Orchard/ Genetic Trial(s) Protection.

The objective of the project is to protect 10 lodgepole pine genetic field trials.

- (8) **MPB Detection, Control and Prevention at the Huallen Seed Orchard** (Canadian Forest Products Ltd.); Project category – Seed Orchard/ Genetic Trial(s) Protection.

The objective of the project is to protect 2 lodgepole pine orchards.

- (9) **2015 MPB Long Distance Dispersal Baiting** (Hinton Wood Products Ltd.); Project category – Pheromone Baiting/Dispersal – Long Distance Dispersal Baiting

The objective of the project is long distance dispersal baiting in 68 townships to ensure early detection of MPB on the Hinton Wood Products FMA and follow up control activities as required. FRIAA approves funding the project with the understanding AESRD provides approval of final baiting sites.

- (10) **2015 MPB Log Yard Management** (Hinton Wood Products Ltd.); Project category – Pheromone Baiting/Dispersal – Log Yard Management

The objective of the project is to monitor and contain mountain pine beetle populations at the mill yard.
