

Mountain Pine Beetle – Approved Projects – April 2016

- (1) **Log Yard Management Plan** (Alberta Plywood.); Project category – Pheromone Baiting/Dispersal – Log Yard Management.

The objective of the project is to monitor and contain mountain pine beetle populations at the mill.

- (2) **Log Yard Management Plan** (Blue Ridge Lumber Inc.); Project category – Pheromone Baiting/Dispersal – Log Yard Management

The objective of the project is to monitor and contain mountain pine beetle populations at the mill yard and 1 satellite yard.

- (3) **Site Protection - Genetic Trials and Orchard,** (Blue Ridge Lumber Inc.); Project category – Seed Orchard/Genetic Trial(s) Protection

The objective of the project is to protect 1 lodgepole pine seed orchard and 5 progeny field trials.

- (4) **Containment Baiting Plan,** (Blue Ridge Lumber Ltd.); Project category – Pheromone Baiting/Dispersal – Containment Baiting

The objective of the project is to bait 206 hectares of area scheduled for harvest during the 2016/17 harvest season.

- (5) **Detection, Control and Prevention on HACOC's Genetic Lodgepole Pine Field Trials** (Canadian Forest Products Ltd.); Project category – Seed Orchard/Genetic Trial(s) Protection.

The objective of the project is to protect 10 lodgepole pine genetic field trials.

- (6) **Detection, Control and Prevention at the Huallen Seed Orchard** (Canadian Forest Products Ltd.); Project category – Seed Orchard/Genetic Trial(s) Protection.

The objective of the project is to protect 2 lodgepole pine orchards.

- (7) **Log Yard Management Plan** (Edson Forest Products Ltd.); Project category – Pheromone Baiting/Dispersal – Log Yard Management

The objective of the project is to monitor and contain mountain pine beetle populations at the mill site.

- (8) **Long Distance Dispersal Monitoring Plan** (Edson Forest Products Ltd.);
Project category – Pheromone Baiting/Dispersal – Long Distance Dispersal
Monitoring

The objective of the project is to monitor dispersal of MPB by establishing preplanned baited sites in 29 townships to provide early detection of MPB on the Edson Forest Product FMA. Control activities will follow up as required.

- (9) **Log Yard Management Plan** (Foothills Forest Products Inc.); Project category –
Pheromone Baiting/Dispersal – Log Yard Management

The objective of the project is to monitor and contain mountain pine beetle populations at the mill yard and 4 satellite log storage yards.

- (10) **Site Protection - Genetic Trials, Orchards and Research Plots,** (Hinton
Wood Products Ltd.); Project category – Seed Orchard/Genetic Trial(s)
Protection

The objective of the project is to protect 1 lodgepole pine orchards and 10 lodgepole pine genetic field trials.

- (11) **Long Distance Dispersal Monitoring Plan** (Hinton Wood Products Ltd.);
Project category – Pheromone Baiting/Dispersal – Long Distance Dispersal
Baiting

The objective of the project is to monitor beetle dispersment at preplanned baited sites in 68 townships established to provide early detection of MPB. Control activities will be implemented as required.

- (12) **Log Yard Management Plan** (Hinton Wood Products Ltd.); Project category –
Pheromone Baiting/Dispersal – Log Yard Management

The objective of the project is to monitor and contain mountain pine beetle populations at the mill yard.

- (13) **Log Yard Management Plan** (Millar Western Forest Products Ltd.); Project
category – Pheromone Baiting/Dispersal – Log Yard Management.

The objective of the project is to monitor and contain mountain pine beetle populations at the mill and 5 satellite log storage yards.

(14) 2015/16 Central Region MPB Annual Report (Millar Western Forest Products Ltd.); Project category – Regional Planning.

The objective of the project is to build on the 2014/15 Annual Action Plan to provide an update on the current MPB situation in the Central Region, summarize control activities, and produce forecasts on the spread of MPB under current harvesting and control activities..

(15) Long Distance Dispersal Monitoring Plan (Sundre Forest Products Inc.); Project category – Pheromone Baiting/Dispersal – Long Distance Dispersal Monitoring.

The objective of the project is to monitor MPB dispersal at preplanned baited sites in 60 townships to provide early detection of MPB on the Sundre Forest Product FMA and follow up control activities as required

(16) Log Yard Management Plan, (Weyerhaeuser Company Ltd., Grande Prairie); Project category – Pheromone Baiting /Dispersal – Log Yard Management.

The objective of the project is to monitor and contain mountain pine beetle populations at 3 satellite log storage yards.

(17) Log Yard Management Plan, (Weyerhaeuser Company Ltd., Pembina); Project category – Pheromone Baiting/Dispersal – Log Yard Management

The objective of the project is to monitor and contain mountain pine beetle populations at mill log storage yards in Drayton Valley and Edson.

(18) Long Distance Dispersal Monitoring, (Weyerhaeuser Company Ltd., Pembina); Project category – Pheromone Baiting/Dispersal – Long Distance Dispersal Monitoring.

The objective of the project is to monitor dispersal of MPB by establishing preplanned baited sites in 28 townships to provide early detection of MPB on the Weyerhaeuser Company Pembina FMA. Follow up control activities will be conducted as required.
