7. You are all set to begin using the portal. Explore the dashboard and navigate through the dashboard tabs.

Navigate through these tabs to explore existing milestones, projects, applications, and sponsored projects (if applicable)

8. To start an application for an open Funding Opportunity, review your existing Milestones, Projects, Applications or Sponsored Projects (if applicable).

NAME	PROGRAM	DESCRIPTION
FRIP_General_test	Test 123	testing the general submissions to FRIP
FRIP_Submissions	Forest Resource Improvement Program	FRIP projects enhance forest resources and improve the integrated management of Alberta's forested lands for the benefit of Albertans. Projects include activities that: - Enhance the forest resources of Alberta - Promote the enhanced management of the forest resources of Alberta - Improve the sustained yield of the forest resources of Alberta - Promote integrated resource management FRIP activities contribute to the continuing high quality of Alberta's environment with the interest of all Albertans in mind. Supporting sustainable forests, in turn, supports Alberta's ecosystems, economies, and communities. FRIP projects cover a broad range of activities. These can include: - Direct improvements to forest resources (e.g. planting or tending trees, improving habitat for wildlife) - Applied research projects that contribute to better understanding of forest resources and better management of them - Improved inventory of non-timber forest resources (e.g. fish, wildlife or heritage resources), so that these resources can be better managed - Forest protection initiatives (e.g. management of insect infestations) - Public awareness and education activities
