

FRIAA FRIP Request for Expressions of Interest (RFEOI)

Data Storage and Distribution Solution

Supplemental Question & Answers #2

Question Received: **November 1, 2024, and November 12, 2024**

Response Date: **November 13, 2024**

QUESTION #1: The RFEOI states that respondents should use the provided RFEOI Application Form & Template. Is it acceptable to format this template to our company standard and letterhead? Or should the form and template be filled-in and completed unchanged?

ANSWER #1: FRIAA would prefer if applicants use the FRIAA formatted RFEOI Application Form & Template provided. This makes it easier for the RFEOI reviewers as it helps standardize the process.

QUESTION #2: Is the Application Form and Template two separate documents that need to be filled out?

ANSWER #2: The Application Form and Template is one word document in the RFEOI Package titled "02. RFEOI Data Application Template". The application form refers to the first page of the document, and the template refers to the remaining three pages outlining required information for submission.
