

Forest Resource Improvement Association of Alberta

FRIAA FIRESMART PROGRAM (FFP)

REFERENCE: FRIAA-FFP (VEG) JUNE 2026

REQUEST FOR EXPRESSIONS OF INTEREST (Vegetation Management)

Issue Date:	June 01, 2026
Closing Date/Time:	September 04, 2026 - 16:00 hrs
Information Session:	June 22, 2026
Telephone:	780-429-5873
Submission Portal:	https://friaa.ab.ca/program-submissions/
Inquiry Email:	admin@friaa.ab.ca
Website Information:	www.friaa.ab.ca
Mailing:	Box 11094 Main Post Office Edmonton, AB T5J 3K4

1. INTRODUCTION

- 1.1 The Forest Resource Improvement Association of Alberta (“**FRIAA**”) was established in 1997 to promote and initiate projects that enhance Alberta’s forest resources. In keeping with this primary purpose, FRIAA entered into a Grant Agreement with the Government of Alberta (“**GOA**”) to deliver the FRIAA FireSmart Program (“**FFP**”).
- 1.2 The purpose of the FFP is to:
- (a) provide for enhanced public safety and improved protection of at-risk communities, forest resources, and other landscape values through operational and planning activities designed to reduce the wildfire hazard and risk throughout Alberta;
 - (b) support community education and involvement in the continuing dialogue on wildfire prevention, management and suppression issues and the practical application of the FireSmart initiative throughout Alberta;
 - (c) aim to help communities and residents manage and reduce the threat of wildfire; and
 - (d) provide financial assistance to communities that wish to reduce the threat of wildfire.
- 1.3 FRIAA is inviting Expressions of Interest (“**EOI**”) under the FFP for the discipline of **vegetation management**. The following information outlines the intent of this Request for Expressions of Interest (“**RFEOI**”) process and provides instructions to prospective applicants who wish to submit an EOI under this RFEOI.
- 1.4 This RFEOI is open to any municipality; Alberta First Nation; Métis Settlement, Co-operative, Enterprise or Community Local; non-profit society or other organization or group mutually agreed to by the GOA and FRIAA.
- 1.5 Subject to available funding, the maximum amount of funding for a single project will be \$300,000 over the life of the project. Project applicants who have not successfully completed at least one FRIAA FireSmart project of a similar discipline (i.e. vegetation management) will be limited to a single project, subject to available funding.
- 1.6 The maximum duration of the proposed work should not exceed two years (with one year preferred, aligned to seasonal considerations) over the life of the project, starting on the date set out in your approved Project Grant Agreement. Time is of the essence in completing an approved project.

2. EOI REQUIREMENTS

- 2.1 Applicants are advised to pay careful attention to the information provided in this RFEOI. Failure to satisfy any term, condition or mandatory requirement of this RFEOI may result in rejection of the submission.

- 2.2 EOIs must be clear, well written and concisely describe the components of the proposed project including each of the requirements set out in subsections 2.3 and 2.4 below, using the application form and discipline-specific template as provided on the FRIAA website.

2.3 **Application Form**

- (a) Provide a project title specific to your project location and the vegetation management discipline.
- (b) Provide contact information for the Authorized Representative (name, title, phone number, email and address) of the 1) applicant organization and the individual(s) authorized to represent the applicant and commit the applicant to the execution of a Project Grant Agreement and 2) the individual who will manage the project.
- (c) Indicate “Vegetation Management” as the activity described in subparagraph 1(k) of the Program Outline referred to in Section 4 of this RFEI (the “**Eligible Activity(ies)**”) that will be completed (by checking the box) as well as the project duration and the amount of funding requested to complete the proposed project.
- (d) An applicant may include in its EOI, a request for funding assistance to engage a consultant experienced with Alberta’s FireSmart program, to prepare its project proposal, which **FRIAA at its sole discretion may approve in whole or in part**. If approved, (which includes consideration of the proposed project’s eligibility, priority and prior-to-submission discussion with a FRIAA field liaison), the applicant shall provide as supporting documentation a copy of the consultant’s invoice through FRIAA’s Submission Portal. **Payment may be reimbursed through the applicant community or directly to the consultant, with applicant community acknowledgement.**
- (e) Indicate participation (highly encouraged) in the on-line Information Session to gain insight on program priorities, and facilitate questions and answers, the details of which are set out in Section 6 of this RFEI. Check the box to indicate this has been completed.
- (f) Applicants are required to contact and discuss their EOI and proposed project with a FRIAA FireSmart Field Representative at least two weeks prior to the submission deadline. FRIAA FireSmart Field Representatives will be available on a first come, first served basis. Check the box to indicate whether this has been completed.

FRIAA FireSmart Field Representatives and their respective geographic coverage areas (subject to change) include:

- (i) Andy Gesner
andy.gesner@friaa.ab.ca
780.404.6944
Fort McMurray, Lac La Biche, Slave Lake, Whitecourt

- (ii) Rick Arthur
rick.arthur@friaa.ab.ca
403.489.2026
Edson, Rocky Mountain House, Calgary
- (iii) Wes Nimco
wes.nimco@friaa.ab.ca
780-689-9073
High Level, Peace River, Grande Prairie
- (g) Indicate the appropriate attachment(s) for developing agency support and prioritizing activities. Check the boxes to indicate what has been completed.
- (h) Indicate the appropriate attachment required below (by checking the appropriate box to indicate this has been completed) and have an Authorized Representative sign the applicant acknowledgement set out in the Application Form. Applications from:
 - (i) Applications from Municipalities must be accompanied by a properly executed Council Resolution.
 - (ii) Applications from First Nations must be accompanied by a properly executed Band Council Resolution (“BCR”).
 - (iii) Applications from Metis Settlements must be accompanied by a properly executed Settlement Council Resolution (“SCR”) and applications from Co-operatives, Enterprises or Community Locals must be signed by the President.
- (i) Applicants will be required to have substantially completed all other FRIAA FireSmart vegetation management projects, prior to project proposal approval. Substantial completion of a project means that all project work has been completed (only seasonal debris disposal remains) and the Final Outcomes Report for that project will be submitted to FRIAA before the new project is approved. Check the box to indicate this has been or will be, completed.
- (j) Have the authorized representative sign and date the Proposal Application Form.

2.4 Template

- (a) Provide a project overview, identifying the Eligible Activity(ies) to be undertaken, outcomes and values-at-risk (*i.e.* schools, health centers, water treatment plants, communications towers, occupied residential structures, *etc.*) adjacent to the proposed project. Quantify the total number of hectares that will be treated, broken into treatment and fuel type. Lastly, indicate the land ownership of the proposed treatment blocks (*i.e.* provincial Crown land, municipal land, Métis settlements, or First Nations reserves).
- (b) Describe the project location including the treatment unit. Describe and map any non-fuel landscape features (such as roads, rivers or cultivated/grazed areas) that

the proposed treatment will tie into, previous FireSmart vegetation management treatments, and the proximity/identity of the values-at-risk. Describe the remoteness or accessibility of the community, the egress routes and historic evacuation frequency. Indicate if Fire Emergency Services are located in the community.

- (c) Describe the involvement and support of Fire Emergency Services provider(s) applicable for the project location described. A letter of support specific to the proposed project is strongly encouraged with the EOI submission and will be required if an applicant is invited to submit a project proposal, unless the Authorized Representative or Project Manager named in Section 2.3 (b) is the Fire Emergency Services provider.
- (d) Describe the review and support from your regional Forestry and Parks – Alberta Wildfire office (“**AW**”) specific to the proposed activities (provide a copy of the completed EOI template to the AW contact prior to requesting a letter of support) and discuss how the project aligns with Provincial wildfire prevention objectives. A letter of support for the proposed project is preferred for submission at the detailed proposal stage and is required in the Forest Protection Area.
- (e) Describe the project scope, work plan approach and timing of the proposed activities that relate to the purpose of the FFP set out above in Section 1 of this RFEOI and the program outline referred to in Section 4 of this RFEOI (the “**Program Outline**”).
- (f) Describe how the anticipated project outcomes are relevant to the FireSmart objectives of your community as outlined in your planning documents.
- (g) Describe the permits, licences and authorizations required to undertake the proposed project or the process that the applicant will undertake to obtain approval prior to commencement of the proposed project.
- (h) Identify the linkages to the current FireSmart Plan, if one exists, that recommends the Eligible Activity(ies) to be undertaken as a priority. Describe the work that has already been completed under that FireSmart Plan. If there is no current FireSmart Plan, describe why the proposed Eligible Activity(ies) must be undertaken and provide rationale supporting the priority for completing the proposed Eligible Activity(ies) at this time.
- (i) **Note:** The minimum planning level to support vegetation management projects is a Wildfire Hazard and Risk Assessment, identifying and prioritizing the vegetation location(s) requiring treatment.
- (j) Describe the applicant’s background and any Project Partners as defined in subsection 5.1 of this RFEOI.
- (k) Describe how the community and stakeholders (including government entities in the community or adjacent jurisdictions) will be involved in the project. Indicate

how community members will be advised of and/or engaged in the proposed project.

- (l) Describe and estimate the funding required, including a description of resources required to complete the project as proposed. Proposed costs for activities must contain sufficient detail (e.g. unit costs and estimated number of units: \$/ha of treatment) to demonstrate that they are transparent, competitive and consistent with fair-market value principles. Generalized administration fees, contingency fees and “percentage markup” will not be accepted (build this into your maximum price). **Applicants are responsible for the quality, completeness and relevance of work completed by consultants. If FRIAA / FireSmart standards are not satisfied, grant payments may be withheld. Use of Alberta guidelines and standards are required for grant funding payment.**
- (m) Describe any non-FRIAA funding and/or **in-kind** support from the applicant that directly applies to the proposed project and **quantify** the dollar value (including permanent staff time for project management, quality control, training, safety training and inspections, financial reporting, and other costs such as vehicle, equipment or hall rentals, printing, tendering, etc.).
- (n) **Following grant funding approval**, (applicants do not need to provide the prescriptions with the EOI), vegetation management activities will **require the development of prescriptions** in the format required by AW signed by a registered professional forestry practitioner and acceptance from AW prior to implementation of treatment activities. Prescriptions are not required on re-treatments or fireguards where complete clearing is planned. Prescriptions are not required in the EOI or RFP submission.
- (o) Entities undertaking vegetation management activities will require COR, SECOR or equivalent safety certification and a minimum of \$10 million of liability insurance.
- (p) Vegetation management projects have a deliverable requirement of the treatment area boundary in a Geographic Information System (“**GIS**”) data format and templates, as provided in “**Appendices A, B and C**”.

3. EOI ADJUDICATION CRITERIA

- 3.1 EOIs shall be reviewed and evaluated on the basis of the following criteria by an independent committee (“**Review Committee**”) established and appointed by the FRIAA Board of Directors as described in subparagraph 1(h) of the Program Outline:
 - (a) EOIs must use the Application Form and follow the template provided for this RFEOI.
 - (b) The EOI must support the FireSmart Vegetation Management discipline and carry out Eligible Activity(ies). A separate EOI may be submitted for each different community or geographic area.
 - (c) Priority consideration will be given to EOIs that support Eligible Activities for Vegetation Management projects:

- (i) directed at the maintenance of treatment units with previous vegetation management activities (Show photos or describe the conditions that demonstrate the vegetation has been assessed and demonstrate the proof of need for re-treatment, i.e. blowdown, time lapse creating wind-firmness since first-pass treatment, etc.). Re-treatment may be deferred based on available funds;
 - (ii) that support the implementation of Eligible Activities prescribed in a current FireSmart Plan for such projects that have not been implemented to date; and,
 - (iii) Multi-stakeholder projects that support landscape level activities within the 10-km community zone outside of the direct jurisdiction of the applicant, with consideration for critical infrastructure values-at-risk.
- (d) Priority will be given to EOIs with proposed Activity(ies) that leverage FRIAA funding with other sources of funding, including significant in-kind support.
- (e) Applicants who have one or more unfinished projects with outstanding FRIAA funding commitments will receive less favourable consideration. Substantial completion of a vegetation management project means that all field work has been completed (with the exception of season-dependent debris disposal) and the Final Outcomes Report for that project will be submitted to FRIAA before the new project is approved.
- (f) The proposed EOI Activity(ies) must not be located on private land or lands under federal jurisdiction, except that the proposed project may be located on a Reserve or on Métis Settlement, Cooperative, Enterprise or Community Local lands.
- (g) The EOI must not include any prospective, in-progress or completed work under the Provincial FireSmart Program, Indigenous Services Canada's Emergency Management Assistance Program or any other such funding program.
- (h) The applicant must be able to complete the proposed project economically and efficiently, and in considering this criteria, the Review Committee may take into account the following:
 - (i) The applicant's proximity (**cost effectiveness**) to the location of the proposed project;
 - (ii) The **applicant's (and proposed consultant's) experience in performing FireSmart projects**;
 - (iii) Whether the applicant has, in the past, **successfully completed FireSmart projects funded by FRIAA (outcomes as proposed, to Alberta standards, on budget, timeliness)**;
 - (iv) Whether or not the Applicant has **substantially completed all other FRIAA-funded FireSmart projects** in the same discipline;
 - (v) The amount of leverage by way of **in-kind contributions of labour, equipment or other resources** by the applicant that are directly applicable

- to the proposed project. Note: The proposed budget cannot include FRIAA funds to be used for existing staff wages or resources of the applicant; and
- (vi) The amount of leverage in direct funding secured by the applicant for the project.
 - (i) The EOI must not involve work that will have a significant adverse impact on other forest resources or the environment as a whole and the applicant must agree to carry out the proposed project in an environmentally responsible manner.
 - (j) The EOI must not be contrary to the provisions of relevant regulations or legislation or the objects of FRIAA, or FRIAA's bylaws, including but not limited to the following:
 - (i) The EOI must not include any work that is, in the opinion of FRIAA, a responsibility of a timber disposition holder or constitutes a subsidy to the forest industry;
 - (ii) The EOI must not include facility construction, improvement or operations, product research and development, capital road construction, or, the purchase of any capital assets (including tablets, PPE, chainsaws or hand-tools).

4. FRIAA FIRESMART PROGRAM OUTLINE

- 4.1 The [full text](http://www.friaa.ab.ca) of the Program Outline for FFP is available on FRIAA's website (www.friaa.ab.ca).

5. LEGAL NOTICE

- 5.1 By submitting an EOI, you confirm that you have read, understand and accept the information contained in this RFEOI and, that each of you, the applicant and all individuals and entities that collaborate or are otherwise involved in the preparation of the EOI or the delivery of the proposed project ("**Project Partners**") agree as follows:
- (a) FRIAA may at any time withdraw, suspend, cancel, terminate, amend or alter all or any portion of this RFEOI, including but not limited to the EOI requirements, the EOI selection and review process and the EOI adjudication criteria.
 - (b) FRIAA reserves the unqualified right to accept or reject any or all EOIs for any reason. FRIAA is not required to accept the highest ranked EOI nor is it required to accept any EOI for advancement to the full project proposal stage.
 - (c) The final decision with respect to EOIs to be included in a short-list rests solely with the Review Committee. The Review Committee's evaluation of the submission may be based on, but is not in any way limited to, the criteria set out in this RFEOI. The Review Committee may consider any criteria determined by FRIAA to be relevant to FRIAA's mandate, regardless of whether such additional criteria have been disclosed to the applicant.
 - (d) No conduct, act or omission of FRIAA, or its directors, officers, consultants, program

advisors, committee members, agents, servants and their respective successors and assigns (collectively the “**FRIAA Parties**”) other than a written notice to the applicant in writing signed by an authorized person for FRIAA, will constitute an acceptance of an EOI.

- (e) EOIs that do not comply with the requirements described in this RFEOI may be rejected in whole or in part or not considered by the Review Committee. FRIAA reserves the unqualified right to accept or reject a non-compliant EOI.
- (f) This RFEOI is an invitation for EOIs only. It is not an offer and the submission of an EOI does not create a contract or agreement of any kind between FRIAA and the applicant.
- (g) Acceptance of an EOI does not create a binding contract between FRIAA and the applicant or an obligation to fund the activities proposed in the EOI. FRIAA shall not be obligated in any manner whatsoever to any applicant until a written agreement between FRIAA and the applicant (“**Project Grant Agreement**”) has been duly executed relating to an approved full project proposal.
- (h) As between the parties, the EOI and all documents and materials you submit to FRIAA in connection with the EOI and this RFEOI and all intellectual property in and to the foregoing are the exclusive property of FRIAA immediately upon delivery to FRIAA. Intellectual property developed during the course of this RFEOI and the project will be addressed through the Project Grant Agreement.
- (i) You, the applicant and any Project Partners will keep this RFEOI confidential and will not use, reproduce or distribute it, any portion of it, or any data, information, drawings, or specifications included in or provided with it except as necessary to prepare a full project proposal as requested by FRIAA or to apply for additional third party funding for the project.
- (j) You, the applicant and any Project Partners will not make a claim against FRIAA or the FRIAA Parties for any reason whatsoever relating to this RFEOI. You are undertaking the expenditures required to prepare and submit an EOI entirely at your own risk, and you waive any right and release FRIAA and the FRIAA Parties from any demands, liability, claim or recovery for costs, expenses, or damages incurred whatsoever and howsoever arising out of or relating to this RFEOI or any EOI prepared in response to it, whether such right or claim arises in contract, negligence or otherwise.
- (k) FRIAA takes no responsibility for the accuracy of the information supplied during this RFEOI process by FRIAA or the FRIAA Parties.
- (l) Neither FRIAA nor any of the FRIAA Parties will have any liability whatsoever to you, the applicant, or any Project Partners, or any of them, in connection with this RFEOI or any submission prepared in response to it.

6. INFORMATION SESSION

- 6.1 FRIAA will hold an **Information Session by virtual conference** (Zoom) to address questions that may arise with respect to this RFEOI on **June 22, 2026**. Applicants are highly encouraged to participate in the live session. Connection information and the agenda for the session is posted on the FRIAA website. An audio recording will be made available on the FRIAA website within 24 hours. Applicants unable to attend the live session and participate in the discussion may access the recording.

7. EOI SUBMISSION

- 7.1 EOIs must be identified as follows: **FRIAA-FFP (VEG) JUNE 2026**.
- 7.2 EOIs may be submitted on FRIAA's website portal at: <https://friaa.ab.ca/program-submissions/>. Ensure your organization is created and contact information is linked at least 48-hours prior to the submission deadline to avoid missing the deadline.
- 7.3 Only EOIs formatted in PDF or Microsoft Word will be accepted.
- 7.4 **Deadline for EOIs:** Only those EOIs received before the close of business at **4:00 p.m.**, local time as observed in the City of Edmonton, on **September 04, 2026** will be accepted for evaluation. EOIs received any time thereafter will not be accepted for evaluation.
- 7.5 FRIAA is not responsible for EOIs that are not received as the result of technological issues, including attachment size, internet, email or file transfer technology failure or any other logistical barrier which may impede electronic submission.

8. NEXT STEPS

- 8.1 Applicants whose EOIs are rated highly and are well-aligned with FRIAA's mandate will be invited to submit a full project proposal. Further information regarding full project proposal submissions, including evaluation criteria and timelines, will be made available at the time detailed project proposal invitations are made.

Tentative schedule: Mid of October 2026 – notification to applicants of shortlisted EOIs; Mid of November 2026 – submission of full project proposals; Mid of December 2026 - notification to applicants of successful project proposals, based on funding availability – and beginning of January 2027 for project start up.

- 8.2 Applicants whose EOIs are not short-listed for full project proposal invitation will be notified when the RFEOI review process is completed. Applicants who wish to receive feedback regarding their EOI can set up a phone call with FRIAA to do so and further information will be provided in the application status notification letter.
