1. INTRODUCTION

- 1.1 The Forest Resource Improvement Association of Alberta (“**FRIAA**”) was established in 1997 to promote and initiate projects that enhance Alberta’s forest resources. In keeping with this primary purpose, FRIAA entered into a Grant Agreement with the Government of Alberta (“**GOA**”) to deliver the FRIAA FireSmart Program (“**FFP**”).
- 1.2 The purpose of the FFP is to:
- (a) provide for enhanced public safety and improved protection of at-risk communities, forest resources, and other landscape values through operational and planning activities designed to reduce the wildfire hazard and risk throughout Alberta;
 - (b) support community education and involvement in the continuing dialogue on wildfire prevention, management and suppression issues and the practical application of the FireSmart initiative throughout Alberta;
 - (c) aim to help communities and residents manage and reduce the threat of wildfire; and
 - (d) provide financial assistance to communities that wish to reduce the threat of wildfire.
- 1.3 FRIAA is inviting project proposals (“**Proposals**”) submissions under the FFP for all **disciplines except vegetation management**. The following information outlines the intent of this Request for Proposals (“**RFP**”) and provides instructions to prospective applicants who wish to submit a detailed Proposal under this RFP.
- 1.4 This RFP is open to any municipality; Alberta First Nation; Métis Settlement, Co-operative, Enterprise or Community Local; non-profit society or other organization or group mutually agreed to by the GOA and FRIAA.
- 1.5 Subject to available funding, the maximum amount of funding for a single project will be \$300,000 over the life of the project. Project applicants who have not successfully completed at least one FRIAA FireSmart project of a similar discipline will be limited to a single project, subject to available funding.
- 1.6 The maximum duration of the proposed work should not exceed two years (with one year preferred, aligned to seasonal considerations) over the life of the project, starting on the date set out in your approved Project Grant Agreement. Time is of the essence in completing an approved project.

2. PROPOSAL REQUIREMENTS

- 2.1 Applicants are advised to pay careful attention to the information provided in this RFP. Failure to satisfy any term, condition or mandatory requirement of this RFP may result in rejection of the Proposal.

- 2.2 Proposals must be clear and well-written and must concisely describe the components of the proposed project, including each of the program proposal requirements set out in subsections 2.3 and 2.4 below, using the application form and discipline-specific templates as provided on the FRIAA website.

2.3 **Application Form**

- (c) Indicate which of the activity(ies) described in subparagraph 1(k) of the Program Outline referred to in Section 4 of this RFP (the “**Eligible Activity(ies)**”) will be completed (by checking the appropriate box) as well as the project duration and the amount of funding requested to complete the proposed project.
- (d) An applicant may include in its RFP, a request for funding assistance to engage a consultant experienced with Alberta’s FireSmart program, to prepare its Proposal, which **FRIAA at its sole discretion may approve in whole or in part**. If approved, (which includes consideration of the proposed project’s eligibility, priority and prior-to-submission discussion with a FRIAA field liaison), the applicant shall provide as supporting documentation a copy of the consultant’s invoice through FRIAA’s Submission Portal. **Payment may be reimbursed through the applicant community or directly to the consultant, with written approval by the applicant community.**
